Civil War, Spain (1936–1939)
The Spanish Civil War was a prelude to the coming conflict of World War II. The hard ideological differences between the combatants, the heavy loss of life, and the extent of material destruction would mirror that which Europe would experience only a few months after the war's conclusion. The causes...

Civil War, US (1861–1865)
The American Civil War began in April 1861 and ended in April 1865. Those four years transformed American society. Over six hundred thousand men died, and hundreds of thousands more bore the scars of war. The institution of slavery was abolished, and the society built around it was destroyed. The...

CIVIL WAR

From American Economic History: A Dictionary and Chronology

Although historians in general have long seen the Civil War as the pivotal event in U.S. political history, economic historians in particular see the Civil War as a key event in the evolution of the American political economy. In those terms, the federal government assumed a much broader role in...
